SHERIFF'S SALE.

By virtue of authority of a special execution on a mechanic's lien issued from the office of the clerk of the circuit court of Pettis county, Mo., dated December the 14th, 1882, and to me directed, in favor of Samuel C. Gold, plaintiff, and against W. A. Fiske, defendant, I levied upon and seized all the right, title and interest of the above named defendant, in and to the following described property and real estate, situated in Pettis county, Mo., to-wit: One dwelling house, fourteen (14) by twenty (20) feet, and a small frame barn and improvements on one acre of land in northeast corner of the southeast quarter (3/4) of the southeast quarter (3/4) of section fifteen (15), township forty-four (44), range twenty-one (21), and I will, on

MONDAY, JANUARY THE 23d, 1883,
between the hours of nine o'clock in the forenoon and five o'clock in the afternoon of the same day, while the circuit court of Pettis county is in session, sell said real estate at public auction, at the court house door in Sedalia, to the highest bidder, for cash in hand.

M. S. CONNER,
Sheriff of Pettis County.

Lightning struck the barn of Wesley Sprague, near Baldwin's, L. I., cut the hay in the mow into two parts as though cut with a knife, and passed into his stables, killing his horse. It followed the ground for forty feet, striking a hog pen and killing two hogs.

The clause in the post-office bill reducing the rate of postage, was discussed at length.

Within a few weeks Harding bought \$5,000 worth of real estate in his wife's name.

Charged With Forgery.

New York, Dec. 16.—George J. Rice, president of the Utica Ithaca & Elmira railroad, was arrested here last night on a charge of forgery, by the over issue of stock and embezzlement. Eight Men Killed and Several
Wounded.

Canton, Ill., Dec. 16.—About 7 o'clock this morning, two boilers in Parlan & Orendoff & Co's. extensive agricultural implement works, exploded, completely demolishing the brick engine house and tearing out a considerable of the south wall of the main building, besides shattering glass and otherwise injuring other adjoining buildings. A fire broke out immediately but was extinguished by a steamer.

The following is a list of the killed: Wm. McCamey, engineer, Louis Hunicate, fireman; W. C. Henderson, Jos. Oldham, A. Nickerson, Robert McGrath, Wm. Miller and Hiram Palmer, all American employes. Samuel Bell and C. S. Armstrong, both slightly wounded, will probably recover. Two hundred workmen are out of employment.

Probably no more bodies are beneath the wreck. The coroner will hold an inquest this afternoon upon the killed now lying at the engine house of the city fire department.

Change of Venue Wanted.

Chicago, Dec. 16.—A Taylorville special says four of the men indicted for the outrage upon Emma Bond, have asked for a change of venue to Montgomery circuit. This postpones the trial till the 2d of April. The opinion is expressed that the defendants are only trying to delay trial until their vic im dies. She certainly is not able to travel so far, and is not likely to be.

Chicago Juries

Chicago, Dec. 16.—The general status of a case before the supreme court has, by means of a challenge of a jury for irregularity, developed the fact that the provisions of the law for selecting juries, is utterly disregarded in Cook county. CONGRESSIONAL.

SENATE.

Washington, D. C. Dec. 16.—Mr. Aldrich, from committee on finance, reported house bill for relief of the German national bank of Louisville. Calendar.

At the expiration of the morning hour, Mr. Hawley asked unanimous consent to proceed with the civil service bill.

Mr. Cockrell and Mr. Voorhees objected, preferring to consider the bill on calendar.

After the debate, by a vote of 30 yeas to 26 nays, the senate proceeded to consider the civil service bill.

Mr. Ingalls said it was supported by each party in the hope of cheating the other, and by defrauding both.

Mr. Hawley characterized Ingalls, remarks as petulant and offensive.

Mr. Voorhees then addressed the senate in opposition to the bill.

The joint select committee on shipping, adopted an elaborate report in favor of the passage of the bill recently agreed upon.

Mr. Voorhees to-day submitted to the senate the national library bill, which is substantially the same as the old Rice bill for the same purpose.

HOUSE.

The house passed the senate bill, authorizing the Soldiers' Home commissioners to sell certain property at Harrodsburg, Ky.

The house in committee of the whole resumed the consideration of the post-office appropriation bill.

A debate ensued on the question of the amount of appropriations for special mail facilities.

Pending amendments of Mr. Robinson, of Massachusetts, and Mr. Hisecock, of New York, provide \$600,000 and \$200,000 respectively.

Mr. Hisecock charged that an attempt was being made to turn the question into a war against railroads and newspapers, and appealed to the committee to rise above such considerations and concede the demand.

Mr. Robinson said he was not sensitive to the criticism of the press, and did not move at the crack of the whip of railroads.

The debate became spicy, but the proposition for special mail facilities was rejected—ayes 29, nays 91.
